NOTICE OF MOTION

TAKE NOTICE that an application will be made on behalf of the applicant, Trentway Bus Lines Limited, at such place, on such day and at such time as the Board may direct, or so soon thereafter as the Motion can be heard, for an Order directing a rehearing of the above-mentioned application and for a review of the above-mentioned Decision upon the following grounds:

1. The learned hearing Judge found there was a desire for an expeditions limousine "on-call" service not only to Toronto International Airport (Malton), but also from such airport; and that Charterways Transportation Limited was the only one of the Respondents which could

perform such a service from the airport to the outlying communities, the operating certificates of each of the Respondents only offering a scheduled service to the airport, and, in particular, the operating certificates of the Respondent, Stock Brothers Bus Lines Limited and Thorndyke Limousine Services Limited expressly prohibit the exercise of an "on-call" charter service from some of the subject communities, unless authorized by a prior charter authority.

2. The learned hearing Judge was in error in his finding that all the "witnesses expressed the desire to have an on-call service made available to them at a rate that would not exceed to any great degree the fares charged normally by companies supplying scheduled service"; and, in any event, it should be recognized that by booking through the same travel company, a number of travellers could combine themselves into the applicant's single charter fare thereby realizing a pro-rata expense to each in an amount comparable to or even less than the airport scheduled service fare already available to a small portion of the subject communities.
3. The Respondent, Stocker Brothers Bus Lines Limited, on the evidence, did not operate their scheduled service.
4. The Respondent, Thorndyke Limousine Services Limited, on the evidence, only operated one public vehicle.
5. The following can only be matters for conjecture on the part of the learned hearing Judge and others in support:
 - (1) To suggest that if a service were designed to meet the wishes of the public, the fare required to offer such a service would be unreasonable;
 - (2) To conclude that the applicant's proposed service cannot be made available at a cost which the public is prepared to pay;
 - (3) To conclude that two way utilization of the applicant's proposed service is very doubtful;
 - (4) To conclude that it is impossible to serve the public in a way which would meet the standards required by the witnesses;
 - (5) To conclude that for economic reasons the applicant would commence a main line service which would provide such service only to the main points and would neglect the others;
 - (6) To conclude that the area involved is too extensive;
 - (7) To conclude that the applicant's proposed operation would not be a viable one.

6. The evidence did not support the conclusion that the proposed service would to a very great degree overlap the service now afforded by the various Respondent Companies because one of them only operated one public vehicle and lacked the authority to operate an "on-call" charter service and the only other one of them authorized to supply such a service in any degree was, in fact, not operating its filed scheduled service and was not servicing its entire area.
7. The learned hearing Judge's conclusion that the proposed fares to be charged would be comparable to those charged by the taxi-operators was not suggested by the evidence; and the sole test must be whether or not there is a public need and convenience for a public vehicle service and taxis are not public vehicles offering a service to the public pursuant to the protection of *The Public Vehicles Act*.
8. The evidence of the applicant showed that the two Respondents offering a similar service to the one proposed by the applicant offered such service only to a very small portion of the area which was the subject-matter of the applicant and that such Respondents filed to provide a service envisaged by *The Public Vehicles Act*.
9. The sole test to be applied in the consideration of the application of the applicant is whether or not there is a public necessity and convenience for the applicant's proposed service pursuant to Section 4 of *The Public Vehicles Act*. It is outside the ambit of that Act and, accordingly, the jurisdiction of the Board, to speculate as to whether or not the proposed service of the applicant could become a viable operation in time; for time, and time alone, will answer the question. In any event, the service as proposed could do no harm to the public and, alternatively, would assist the public with their travelling needs and convenience. Whether or not such an operation would be viable is the responsibility of the public vehicle operator, whose success or failure in large measure will depend on its resources and initiative, and upon the quality of service provided, matters which can only be weighed after the expiration of time and can then be the subject-matter for Review by this Honourable Board.
10. Both the evidence and the subject Decision and Order establish that there is a need and convenience for the applicant's proposed service. The evidence also established that the applicant was a fit operator and that there was, in fact, no material competing service in a substantial way. Accordingly, there ought to be a certificate issued to the applicant, on the aforementioned standards without the creation of a new standard unknown to *The Public Vehicles Act* or Regulations; that is, without reference to the issue of "Viability". In

the past, the judgement and experience of the Operator was the sole test as to the viability of a proposed service; the market place determined the results of the operator's effects; and the subsequent operations of the Operator became the subject-matter of a Review by this Honourable Board should the services not meet appropriate standards by reason of the viability of the Operator's services. The Board should not be able to prejudge the proposed service at the time of the application and before the service is permitted to being, and has fixed Wednesday, the 2nd day of January, 1974, at its Chambers, 67 College Street, Toronto, Ontario, at 10 a.m. (E.S.T.) for that purpose.

Robert John Thorndyke, Esq., 17955-H
372 Centre Street,
Oshawa, Ontario.

NOTICE OF MOTION

TAKE NOTICE that the applicant, Robert John Thorndyke, hereby moves for an Order to Re-Open the application heard by Vice-Chairman Nicol Kingsmill and to permit re-argument on the basis that the Honourable Vice-Chairman Kingsmill misinterpreted the evidence with respect to:

1. The hours of work involved in carrying out the proposed operations.
2. The differentiation in rate proposals between the applicant and the respondents.
3. The finding that the respondent Hoar Transport Company Limited would "be able to provide the same type of service as Thorndyke is providing".
4. The finding that Thorndyke "might be able to make a marginable profit at the rate he is charging".
5. The apparent inference drawn from the evidence that the proposed operation might contribute to "accidents (fatal and otherwise), occurring on our highways".
6. The finding that there is no necessity for the proposed service because of the availability of the respondent "Hoar Transport Company Limited as well as other Class 'C' carriers holding Class 'C' authority from or to Oshawa".

The Ontario Highway Transport Board will be further moved to refrain from recommending cancellation of the interim licence issued pursuant to the Board's certificate of May 22, 1973 until final disposition of this appeal, and has fixed Wednesday, the 30th day of January, 1974, at its Chambers, Britannica House, 151 Bloor Street West, 10th Floor, Toronto, Ontario, at 10 a.m. (E.S.T.) for that purpose.

Treasurer's Sale of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

TOWNSHIP OF HARVEY, COUNTY OF PETERBOROUGH

To WIT:

BY VIRTUE OF A WARRANT issued by the Reeve of the Township of Harvey, under his hand and seal of the said Corporation bearing date the 6th day of November, 1973, a sale of lands in arrears of taxes in the Township of Harvey will be held in the Municipal Office, Buckhorn, at the hour of 10.00 o'clock in the forenoon on the 6th day of March, 1974 unless the taxes and costs are sooner paid.

NOTICE IS HEREBY GIVEN that the list of lands for sale for arrears of taxes was published in THE ONTARIO GAZETTE on the 1st day of December, 1973 and that copies of the said list may be had at my office, or by sending a self-addressed stamped envelope. Positively no cheques will be accepted prior to the day of Sale.

If any adjournment sale is necessary it will be held on the 20th day of March, 1974, at the same time and place.

Dated at the Treasurer's Office this 6th day of November, 1973.

Treasurer, Township of Harvey.
